

# HIM Competencies Relevant to LibreHealth Educational EHR

## Associate Degree HIM (2014 competencies)

1. Subdomain I. A. Classification Systems
  - a. Apply diagnosis/procedure codes according to current guidelines
  - b. Evaluate the accuracy of diagnostic and procedural coding
  - c. Apply diagnostic/procedural groupings
  - d. Evaluate the accuracy of diagnostic/procedural groupings
2. Subdomain I.B Health Record Content and Documentation
  - a. Analyze the documentation in the health record to ensure it supports the diagnosis and reflects the patient's progress, clinical findings and discharge status
  - b. Verify the documentation in the health record is timely, complete and accurate
  - c. Identify a complete health record
3. Subdomain I.D Data Management
  - a. Collect and maintain health data
4. Subdomain I. E Secondary Data Sources
  - a. Identify and use secondary data presentations
5. Subdomain III.A. Health Information Technologies
  - a. Utilize software in the completion of HIM processes
6. Subdomain III. C. Analytics and Decision Support
  - a. Explain analytics and decision support
7. Subdomain III. F. Consumer Informatics
  - a. Explain usability and accessibility of health information by patients, including current trends and future challenges

## BS Degree HIM

1. Subdomain I. A. Classification Systems
  - a. Evaluate the accuracy of diagnostic and procedural coding
2. Subdomain I.B Health Record Content and Documentation
  - a. Verify that documentation in the health record supports the diagnostic and reflects the patient's progress, clinical findings and discharge status
3. Subdomain III. C. Analytics and Decision Support
  - a. Analyze clinical data to identify trends that demonstrate quality, safety and effectiveness of healthcare
  - b. Apply knowledge of database querying and data exploration and mining techniques to facilitate information retrieval

4. Subdomain III. D. Health Care Statistics
  - a. Interpret inferential statistics
  - b. Analyze statistical data for decision making
5. Subdomain III. F. Consumer Informatics
  - a. Educate consumers on patient-centered health information technologies

**Master's Degree HIM**

1. Subdomain I. A. Classification Systems
  - a. Interpret terminologies, vocabularies and classification systems
2. Subdomain I. B. Health Record Content and Documentation
  - a. Examine required documentation and record structures
3. Subdomain III.D. Health Care Statistics
  - a. Interpret inferential statistics
